ABOUT ME

I am a 24-year-old Junior Full Stack Developer based in Drogheda, County Louth. I am currently working remotely for Digigrow Consulting on a full-time basis where I use many technologies such as ReactJS, NodeJS and Redux! I work closely with other developers and pride myself in my ability to work as a part of a team and organisational skills.

I have worked on a variety of projects and used many technologies. To view them in detail and learn more
